

AIT 9" x 8" Air Injection Technology Assembly Guide

Designed for use with a single outlet air pump.

- 2—7.50" lines
- 2—3.50" lines
- 4—3.00" lines
- 3—micro tee's
- 4—elbows
- 10—weights

Choose the size AIT to fit your water reservoir and supply large, even amounts of air to your plants roots today!

Note: Every where there is a line there is a weight. The two 7.50" lines get two weights on each line.

Helpful Hint: Heat up the lines with a hair dryer, makes it easy to insert the micro tee's and elbows.
